## Message on the occasion of Durga Puja 2006

'Together with my family I am pleased to be able to join many residents of Enfield Southgate during the Durga Puja festivities. The Bengali community are a valued part of my constituency and it is good to be able to celebrate with them over the weekend. This year is my first opportunity to attend the festival and I look forward to gaining a better understanding of this important time of year for the local Bengali Hindu community.'

*Best Wishes.*
